## Control everything with one SMART touch

CT-2009 is a resistive touch panel. It offers 9 programmable buttons for almost any device controlled by IR signal. Each button status will show on the corner LED indicator. Power on/off function can be controlled by external DC5V Relay. CT-2009 Ideal for Conference room, Classroom and Presentation room applications. It is possible to integrate various remote control function in one CT-2009. For example, you may have DVD Player and Projector remote control function in one CT-2009 panel.

## Smart-Touch Panel Features

### ◇ **Ease of Use**

You can control almost all AV Products and Projectors with just a single touch. CT-2009 can be easily installed on any surface.

### ◇ **Durable touch panel**

CT-2009 is finished with metal case, makes it durable.

### ◇ **Universal Programmable Infra-Red Remote**

With Infra-red learning feature, CT-2009 is capable to control most of popular AV Products and Projectors in the markets.

### ◇ **DC 5V Output For On/OFF function**

CT-2009 can be easily plug-in the relay module for external dry contact control. (Optional Relay Module is required for this function)

### ◇ **Easy to Manage**

Just like using USB stick, CT-2009's programmable key value stored can be easily copied to other CT-2009 without learning from the original remote control.

## CT-2009 多功能輕觸式面板

CT-2009 的輕觸式(電阻式)面板， 提供了 9 個可編程(可學習)按鍵，可以用紅外線控制市面上大多數的影音設備， 並且可以把不同設備的遙控功能集中於一塊面板上，例如 DVD 播放機、投影機等設備的遙控。同時每個按鍵都配備了 LED 清晰顯示操作狀況， 當選配了繼電器模組後，CT-2009 還可以用作控制電源的開關。CT-2009 是非常適合用於會議室、課室或演講室等作影音設備的控制用途。

### 智能控制面板特色

#### ◇ 簡單易用

輕按面板，即可控制市面絕大多數的影音產品及投影機等設備的功能，而且可以集多部設備的遙控功能於一塊面板之上，如播放器、投影機等，適合不同場所使用。

#### ◇ 堅固耐用

簡易的安裝步驟，及使用金屬外殼的構造，堅固耐用。

#### ◇ 學習功能

可以對大多數遙控進行學習，使不同品牌遙控功能集中於 CT-2009 的面板上。

#### ◇ 電源開關

當加配繼電器模組後，CT-2009 更可以輕易地控制電源的開關，例如控制燈光開關等。（繼電器模組為可另選配件）

#### ◇ 易於管理

配合複製模組功能， 即可以方便地把一個 CT-2009 的功能，複製到其他 CT-2009 之上，免除重複學習的工作，例如為大量的教室進行設定。
