

MS Series

All models out of the MS series designed for

- Excellent sound
- Compact size
- Low weight
- versatile
- Versatile setup combinations

MS-12/1+

The MS-12/1+ is a 2-way full range system in a trapezoidal, Computer/CNC optimized enclosure. The loudspeaker system consists of a 12inch(65mm voice coil) ferrite magnet LF woofer in a ported sub-enclosure, and a 1inch(34mm voice coil) ferrite magnet compression driver mounted on a 90° x 50° horn. The enclosure is constructed with 18mm thickness high-density plywood and use MDF in other sides. Handles are balance optimized to facilitate transportation. Perforated steel is employed for frontal protection of the loudspeaker compliment.

MS-15x

The MS-15x is a 2-way full range system in a trapezoidal, Computer/CNC optimized enclosure. The loudspeaker system consists of a 15inch(65mm voice coil) ferrite magnet LF woofer in a ported sub-enclosure, and a 1inch(34mm voice coil) ferrite magnet compression driver mounted on a 90° x 50° horn. The enclosure is constructed with 18mm thickness high-density plywood and use MDF in other sides. Handles are balance optimized to facilitate transportation. Perforated steel is employed for frontal protection of the loudspeaker compliment.
